Drainage schemes for the Municipal towns in the Kolar Distt.

From

The Dy. Comr., Kolar Distt.

No 649 Dated 31. 8 1911 Received 13 9 1911

Diary No 1785 Enclos 2 & plans Spare Copies — Serial No 1

Brief Abstract of Letter

States that as a preliminary to the getting up of Comprehensive drainage schemes the survey plans of the Kolar and Bowringpet towns were got up at considerable cost and trouble and requests that the programme for the drainage works may be drawn up and the town plans provided as other ~~writers~~ ~~ALL CHANGES~~ the work of 3 years and over will have been wasted.

The survey plans of Kolar and Bowringpet are ready, and the drainage schemes for them will have to be prepared hereafter. The question is who is to prepare them. The Dy.

Notes— First Sheet

Serial No.

Communications addressed the President of the Central San. Board in the matter and was, in reply, referred to the Chief Engineer who has however addressed the Govt in the Genl. Dept. for orders In this connection attention is respectfully invited to para 6 of his letter No 1264 Dt 20th Feb. 1907 wherein he proposed to employ Surveyor Ramachandra Iyer "for preparing a Survey plans and a Drainage scheme for each of the Municipalities in the District" That proposal was sanctioned in G.O 9 dt April 1907 It is not, in the circumstances, clear why the Surveyor himself may not be asked to prepare the Drainage schemes - In his present report, the Dy Commr states that there are not competent and responsible staff locally available for the work.

2. The Chief Engineer may be Consulted as to the desirability of having the town plans prepared by Surveyor Ramachandra Iyer printed.

Submitted for orders

3 The question of preparing a drainage project for each of these towns may be referred to the Chief Engineer

SECTION Jud
FILE NO. 123-11
SERIAL No. 1

Sir

Government are, doubtless, aware that, as a preliminary to getting up of comprehensive drainage schemes for more important of the municipal towns in the District, their Surveyor and getting up the necessary block plans etc were framed necessary and accordingly the services of a Surveyor were obtained, and the Survey Plans of Kolar and

Bowringpet Towns were for up
at considerable cost. energy and
Gemble. And in accordance
with Govt. Pro. No 1378-92 Sani 93 dated
dated 10th August 1907. I forwarded
the block plans and the comprehensive
maps of both these Towns to the
Central Secretary Board for
favor of their getting the needful
drainage schemes for both the Towns
drawn up, so that the municipal
Councils may work their out-
year after year as funds permit,
in the order of urgency. The President
of the Central Secretary Board
has, however, returned the plans
with his letter No C S B 8 dated
12th instant (Vide copy enclosed)

Vide copy my letter dated 15-4-1911 hereto attached

2 Now that the Board have

unrecorded search heavy outlay
and gol- ar- Considerable energy
the Towns suggested in detail, it
would be a pity if no defence
plans were Chalked out to carry
on the most important works of
drainage etc and with that object
they also desire that the Comprehensive
Town maps should be prepared
so that they may be of permanent
record for future reference etc

4. for drawing up the programme
for drainage works, there are not
Competent and requisite staff
locally available. I have therefore
request that you may be so good
as obtain the orders of Government
as to how the matter should
be referred for the needful being

done, as also to get the Town plans prepared as early as possible, as otherwise the work of a period of three years allowed over well have been wasted

3 The black plans as well as Comprehensive maps are herewith submitted for reference

4 Paper of very early selection is solicited

No. 15

Office of the President,
District Board,
Velar District.
Dated Velar, the 3rd July 1911

From

C. Sankaralingam Aiyar Esqr B.A., B.L.,
President, District Board,
Velar District.

To

The President
Central Sanitary Board,
Bangalore

Sir,

With reference to Govt. Proceedings No 9319-20/Mis 417-06-2 dated the 9th April 1907, and Circular No 5851-2/Mis 390-09-2 dated the 16th February 1910, sanctioning the employment of a Surveyor to the Velar and Bommapet Town Municipalities, respectively, for the purpose of the preparation of plans of those towns, preliminary to the getting up of a complete underground drainage scheme, I have the honour to submit herewith the survey and block plans of the two Towns of Velar & Bommapet, and to state as follows:

2 In none of the Municipal Towns in our district is there any system of underground drainage, and the sanctioning [illegible]

and from time to time were not, owing to and pre-arranged or determined from time to time Roads and Conservancy Cases opened out in congested localities, during the several epidemics of plague had not been finished, and great many of them had yet to be completed. The existing drains, owing to irregular alignments and defective designs, were not acting properly, with the consequent formation of pools of sullage here and there rendering the surroundings more insanitary than before. It was therefore thought quite imperative to lay down a regular programme of sanitary works to be carried out, after getting up regular survey plans of the several Municipalities. Accordingly the services of a trained Surveyor for preparing a survey plan of the District Head Quarter Town first, were obtained.

3. The Surveyor has now finished his work in Malay, and Marathi sheet Plans, after taking necessary surveys, drawing up plans and

and elaborate sketches showing all exist-
-ing houses and the improvements to be
effected by opening out lanes, roadways,
and the Sanitary Engineer who has
inspected them and the Towns, has
approved of the same.

4. The question of Drainage deba-
-ted for the two Towns, can now be taken
up on some definite plan, and with
that object, I herewith forward the
several block plans to the Board
for favor of their kindly drawing
up a comprehensive drainage
scheme for both the Towns to be
worked out year after year, as
funds become available. The
first installment of the work to
be carried out, can be commenced
now, before the beginning of the
official year, and I have therefore
to request that you may be so
good as to have the desired plans
and heard as early as possible
so that we may not lose any
more time in effecting such

improvements to the two roads in particular

leaves in the District.

5. I have also to request that you may be so good as to arrange to get the Lalbagh and the Cauvery-bhavane flower ferrotyped and to send me a dozen copies each for future reference and record in the offices in the District, or if it is not done, the result of nearly three years' work and energy and resources spent may get frittered or eventually lost.

I have the honour to be

Sir, Your obedient servant

President.

General and Revenue Departments

Sir,

In reply to your letter No 2854/Ml 123-11-2 dated the 24th October 1911 calling for opinion on the proposal of the Deputy Commissioner, Kolar District, regarding the preparation of comprehensive drainage projects for certain towns in that District, &c., I have the honour to state that the plans forwarded with your letter are not in a fit state to be printed It is, besides, waste of money to print all the block plans If correct town maps are prepared on a small scale they may be printed

2. There seems to be no necessity for preparing comprehensive drainage projects at the present stage for the towns referred to Rough estimates of cost can be readily furnished in the first instance and if the Municipalities concerned are able to find the money, it would then be time to go into details.
